Discover the SPECTRALOCK® Family

Epoxy Performance.
Easy to Use.

Made In USA™

For the Builders of a Better World™

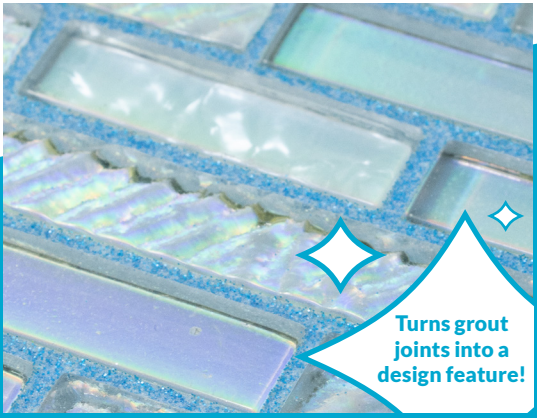
Why SPECTRALOCK® Grout?

Epoxy Performance. Easy to Use.
Meet the SPECTRALOCK Grout family, offering solutions for projects that demand superior strength, stain resistance, and long-lasting beauty – where cement grouts aren't enough.

Get the benefits professionals expect from epoxy, without unnecessary complexity. From ready-to-use convenience to industrial-grade chemical resistance, there's a SPECTRALOCK solution for every environment.

- Epoxy strength for superior bond and long-term durability
- Exceptional stain and chemical resistance stands up to messes and harsh cleaners
- Consistent color and finish with no shading, blotching, or efflorescence
- Low absorption and antimicrobial product protection to fight the growth of stain-causing mold and mildew

SPECTRALOCK®
DAZZLE™



Decorative metallic and glow additives used with SPECTRALOCK Grouts

All SPECTRALOCK products meet or exceed industry performance standards (ANSI A118.3).

SPECTRALOCK® 1†
