3. PRODUCT DESCRIPTION

STONETECH® Stone & Tile Cleaner is formulated to remove tough everyday spills, dirt and grease on natural stone, tile, masonry and grout. Unlike other household cleaners that are highly acidic and abrasive, STONETECH Stone & Tile Cleaner is pH neutral and gentle on natural stone but strong enough to tackle tough daily messes without degrading or harming the surface. Great for daily use on countertops, backsplashes, vanities, walls, floors and more. Available in ready-to-use and concentrated formulas in a clean fresh scent.

Uses

- Countertops
- Backsplashes
- Floors
- Walls
- Interior and exterior

8. MAINTENANCE

Highly alkaline, acidic, ammoniated, or abrasive cleaners are not necessary for daily maintenance and may also degrade the Sealer, adversely affecting stain resistance. Tile and stone routine cleaning with a neutral pH cleaner such as STONETECH Stone & Tile Cleaner is recommended. For tough or difficult to remove soil use STONETECH KlenzAll™ Cleaner, a nylon scrubbing pad or a long handled stiff bristle brush. Please note: Prior to using any cleaning material on a tile, stone, etc. installation, test a discrete area or scrap piece of tile to insure desired results. For additional information, please refer to the TDS 262 Stone and Tile Care Guide.
