## 3. PRODUCT DESCRIPTION

The Slope Corrector is the ultimate solution for achieving perfectly level surfaces on sloped substrates. Designed to adjust gradients of up to 3 degrees, this innovative accessory ensures precision and stability in your pedestal installations. Compatible with the entire NXT Pedestal system. Built from durable, weather-resistant materials, it is ideal for outdoor applications and guarantees long-lasting performance. Simplify your installation process and ensure flawless results with the NXT Pedestal Slope Corrector.

### Uses

Designed to adjust gradients of up to 3 degrees, this innovative accessory ensures precision and stability in your pedestal installations. Compatible with the entire NXT Pedestal system.

Pedestal paver systems are highly versatile and can be installed over various substrates, provided they are structurally sound and capable of supporting the system's load.

Applications include:

- Paved areas or raised timber
- Pavers (Porcelain, stone, concrete, etc)
- Timber decking

### Advantages

- 1-3 degrees of slope correction
- Stackable to accommodate additional slope correction if needed
- Added to the base of the Mini and Max Pedestals

### Suitable Substrates

- Concrete and Masonry Surfaces
- Exterior Glue Plywood decks that have been waterproofed with a primary roof waterproofing membrane
- Metal/Steel

### Packaging

500 PCS per carton (50 bundles of 10 pcs) in each carton

### Approximate Coverage

Coverage will vary based on substrate, surface finish type and dimensions.

### Limitations

DO NOT

- Install any NXT Pedestals upside down for any reason.
- Cut the pedestal for any application.
- Use 4" extenders without a pedestal body and base.

## 4. TECHNICAL DATA

### Physical Properties

- 1-3 degrees of slope correction
- Stackable to accommodate additional slope correction if needed
- Added to the base of the Mini and Max Pedestals

Specifications subject to change without notification. Results shown are typical but reflect test procedures used. Actual field performance will depend on installation methods and site conditions.

## 5. INSTALLATION

Place the NXT Pedestal 1-3° Slope Correctors under the pedestal base to compensate for substrate falls. Use additional slope correctors until the pedestal is level. They are stackable and have locating tabs to ensure they do not move once installed.

## 6. AVAILABILITY AND COST

### Availability

LATICRETE materials are available worldwide.

### For Distributor Information, Call:

Toll Free: 1.800.243.4788

Telephone: +1.203.393.0010

For on-line distributor information, visit LATICRETE at [laticrete.com](http://laticrete.com)

### Cost

Contact a LATICRETE Distributor in your area.

## 7. WARRANTY

See 10. FILING SYSTEM:

- 5 Year Product Warranty - Pedestals
