Fax: +1.203.393.1684

Website: laticrete.com

3. PRODUCT DESCRIPTION

Designed for the windiest of settings, these discrete and heavy duty plates securely anchor tiles to the pedestals, reducing the risk of displacement from wind uplift and increasing the stability of the entire platform.

Uses

These discrete and heavy duty plates securely anchor tiles to the pedestals to help prevent wind uplift.

Suitable Substrates

- Concrete and Masonry Surfaces
- Exterior Glue Plywood decks that have been waterproofed with a primary roof waterproofing membrane
- Metal/Steel

Packaging

36 PCS per carton

4. TECHNICAL DATA

Specifications subject to change without notification. Results shown are typical but reflect test procedures used. Actual field performance will depend on installation methods and site conditions.

5. INSTALLATION

Installation Instructions

STEP 1:

Ensure the substrate is clean, smooth and free of building debris. NXT Pedestals are not suitable for soft surfaces ie. grass, loose gravel, crushed rock, etc. If the substrate is membraned - we recommend using the NXT Pedestal – Base Pad.

STEP 2:

Remove the 5/32" spacer tab from the head of the Mini or Max pedestal and replace it with a Concealed Uplift Plate.
