3. PRODUCT DESCRIPTION

The Uplift Plug is a simple yet effective solution for securing pedestal installations against wind uplift. Designed to lock tiles firmly into place, this lightweight and durable plug enhances stability and prevents displacement in high-wind environments. Made from high-quality, weather-resistant plastic or stainless steel, it ensures long-lasting performance in outdoor applications. Easy to install and fully compatible with the NXT Pedestal system, the Uplift Plug provides a reliable and cost-effective way to maintain the integrity of your project, offering peace of mind in challenging weather conditions.

Uses

The Uplift Plug is an effective solution for securing pedestal installations against wind uplift.

Advantages

- Lightweight
- Durable

Suitable Substrates

- Concrete and Masonry Surfaces
- Exterior Glue Plywood decks that have been waterproofed with a primary roof waterproofing membrane
- Metal/Steel

Packaging

200 PCS per carton

Approximate Coverage

Coverage will vary based on surface finish type and dimensions.

Limitations

DO NOT

- Install any NXT Pedestals upside down for any reason.
- Cut the pedestal for any application.
- Use 4" extenders without a pedestal body and base.

4. TECHNICAL DATA

Specifications subject to change without notification. Results shown are typical but reflect test procedures used. Actual field performance will depend on installation methods and site conditions.

5. INSTALLATION

Insert the NXT Pedestal Uplift Plug wind plug by simply pushing them into the center of 4 tiles post installation.
